We hereby offer you the rapport concerning the annual report 2014 for European Society for Evolutionary Biology, Ede.

REVIEW REPORT VAN DE ONAFHANKELIJKE ACCOUNTANT

We have reviewed the accompanying financial statements of European Society for Evolutionary Biology, Wageningen, which comprise the balance sheets per 31 December 2014, the report of benefits and expenses for the year then ended and the notes, comprising a summary of the accounting policies and other explanatory information.

Boards responsibility

The board of the society is responsible for the preparation and fair presentation of these financial statements that give a true and fair view. Furthermore the board of the society is responsible for such internal control as it determines is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

Scope

Our responsibility is to express a conclusion on the accompanying financial statements. We conducted our review in accordance with Dutch law, including the Dutch Standard 2400 'Engagements to review financial statements'. This requires that we comply with ethical requirements and that we plan and perform the review to be able to conclude whether anything has come to our attention that causes us to believe that the financial statements are not prepared in all material respects in accordance with the applicable reporting framework.

A review of financial statements in accordance with the Dutch Standard 2400 is a limited assurance engagement. The performed procedures consisted primarily of making inquiries of management and others within de vennootschap, as appropriate, applying analytical procedures and evaluating the evidence obtained.

The procedures performed in a review are substantially less than those performed in an audit conducted in accordance with the Dutch Standards on Auditing. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that these financial statements do not give a true and fair view of the financial position of European Society for Evolutionary Biology as at 31 December 2014, and of its result in the amount of € 147.702 for the year then ended in accordance with Dutch generally accepted accounting principles.

GENERAL

General information

The European Society for Evolutionary Biology was founded in the year 1987. On January 27, 2010 the society placed its constitution on record in an notarial act. The society is registered at the Dutch Chamber of Commerce with registration number 09216606.

Purpose

The purpose of the European Society for Evolutionary Biology is to support the study of organic evolution. For this reason the society:

- releases The Journal of Evolutionary Biology;
- organises congresses and scientific meetings;
- supports scientific research concerning organic evolution;
- supports activities to get a scientific view about organic evolution in education and research.

Board

On December 31 2014, the board of the European Society for Evolutionary Biology consisted of the following members:

- L.W. Beukeboom,
- M.G. Ritchie,
- R.K. Butlin,
- D. Ebert,
- J.H. Graf von der Schulenburg,
- N. Perrin,
- L. Keller.

Should you have any questions regarding this annual report, please do not hesitate to contact H.W.F. (Huub) Rutten.

ACCOUNTING PRINCIPLES

Principles for the balance sheets and the report of benefits and expenses

In general

The currency of the annual account is Euro. The annual account is in accordance with Dutch generally accepted accounting principles.

Principles for the valuation of assets and liabilities

Assets and liabilities are valued at nominal value, unless an other value is mentioned.

Result

The balance sheets are drawn up after appropriation of the surplus over the year 2014.

Principles for the calculation of benefits and expenses

Costs are calculated using the historical cost principle. Costs are matched to the year that they are connected with (accrual principle).

OTHER INFORMATION

Auditing

Because of the size of the society, the Dutch law does not oblige the society to have its annual figures audited by an auditor. For this reason no auditing has been applied.

Surplus over the year 2014

Anticipating to the determination of the annual account by the board, the surplus over the year 2014 has been added to the capital and reserves.
